

# **CBCS MEETING**

**16/08/2019**

**Warm Welcome to Officials and  
Faculties**

# Agenda for the meeting:

- 1. Sharing the information on NPTEL Courses
- 2. Sensitization of 2019 batch students on regulations and examination patterns

# 1. Sharing the information on NPTEL Courses

- NPTEL offers courses with 4weeks/ 8 weeks/ 12 weeks duration. They recommend 2 credits for 4 weeks courses and 3 credits for 8 and 12 weeks courses. In line with this recommendation, we have allowed the students to enroll in 4 weeks course for their SE/SL courses, 8 or 12 weeks course for the GE course.
- 40 % in assignments and 40% in end proctored examination is needed for successful completion of the course or a pass in the course.
- If not successful in the course the candidate has to choose another course to earn the credit or re-enroll for the same if offered.

# 1. Sharing the information on NPTEL Courses

- As the courses are predominantly engineering, Biomedical sciences, computer sciences, Management domains, the related departments/ faculties will benefit from the courses. Domain certification, i.e. Candidate will be declared as a domain expert if he/she completes 5 specific courses in the related area, is getting designed by NPTEL admins.
- Examination centers are chosen by the student after paying a fee (1000/- currently) to NPTEL admin. Centres scatter throughout India. We have recommended our students to register centres from Chennai. Generally, the students get the centres they choose.

# 1. Sharing the information on NPTEL Courses

- All the centres are managed by TCS for IT support, which can accommodate 5000 students for each session of exams. The examinations are conducted as AN and FN sessions on 3 days. Hence a student can enroll for 6 examinations in a session (July - Nov/ Dec - Jun). [SWAYAM app](#) has been launched for android platform.

## 2. Sensitization of 2019 batch students on amended regulations and examination patterns

- No electives (GE/SE) in first semester.
- UG – Break semester
- PG – NC clause for Break
- All AE/SE/1 credit courses will be internal evaluation for 100 marks from 2019 batch
- Marks submission for internship – 6month/ 1yr

Thank you.....

**Table17:** The table below provides the Program Specific requirements for sequentially advancing in the semesters.
